

## AID TO CURE OF INSANITY

Moving Pictures Keep Crazy People so Entertained They Get Well.

EXPERIMENT SATISFACTORY

Remarkable Remedy Advocated By Medical Experts, Which Is Put to Practical Test in Asylum.

Chicago, April 9.—Moving pictures as an aid to the cure of insane patients have been tried for the first time at the Dunning asylum, Dr. V. H. Podstata, superintendent, declared after the test that the effect produced was beneficial.

The performance on the canvas drew the attention and interest of every one of the 400 patients gathered in the entertainment hall. The seemingly realistic manner in which figures appeared and disappeared within the rim of light opened a new channel for their thoughts and led them away from the particular delusion which affected their minds.

Excitable patients seemed to be quieted and calmed by the pictures. Those suffering from chronic melancholia showed an unusual interest in what was going on.

As a result of the experiment a moving picture machine will be purchased for the asylum and entertainments will be given once or twice each week for the benefit of all patients who are not so violent as to need constant restraint.

### Story of Carleton.

Will Carleton, the author of "Songs of Two Centuries," when a boy took a long journey from his home to the nearest country town, in order to hear Cassius M. Clay, the Kentuckian, make a speech. On reaching the "fair grounds," where Clay was to speak, he found such a crowd assembled that he could not see anything of the eloquent southerner. At last by crawling between people's feet, and taking other boy methods of making progress, he gained a friendly tree not far from the stand, and climbed up among the screening branches. All went well until the speaker, to illustrate the ignorance of some of his political opponents, exclaimed with an emphatic gesture: "They don't know any more about it than that boy there in the tree!" A thousand eyes were at once levelled upon the bashful urchin who had so suddenly been made an object-lesson. "The sensation," said Mr. Carleton, in telling the story, "was very much as if some ice-water were being poured down my back. I tried to conceal myself among the branches, but that would not work, and I was not long in 'shinning down' and making myself scarce. At home I had no sympathy, they told me I should have stayed and fought it out; not knowing that my sensitiveness at that time was positively abnormal. My father called me Zaccus for a year after."

ble that he could not see anything of the eloquent southerner. All went well until the speaker, to illustrate the ignorance of some of his political opponents, exclaimed with an emphatic gesture: "They don't know any more about it than that boy there in the tree!" A thousand eyes were at once levelled upon the bashful urchin who had so suddenly been made an object-lesson. "The sensation," said Mr. Carleton, in telling the story, "was very much as if some ice-water were being poured down my back. I tried to conceal myself among the branches, but that would not work, and I was not long in 'shinning down' and making myself scarce. At home I had no sympathy, they told me I should have stayed and fought it out; not knowing that my sensitiveness at that time was positively abnormal. My father called me Zaccus for a year after."

### THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was. Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

### COUNTRY STRIPPED CLEAN.

Scarcity of Provisions Supposed to Have Caused Russian Retreat.

New York, April 9.—Japanese reports suggest, cables the Tokio correspondent of the Times, that the scarcity of provisions and storage was probably the chief reason for the Russian

### NOTICE FOR PUBLICATION.

Oregon City, Oregon, March 11, 1904. Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Samuel J. McIntyre, of Svenson, county of Clatsop, state of Oregon, has this day filed in this office his sworn statement, No. 6341, for the purchase of lots 2, 7 and 8 of sec. 22, and lot 5 of section No. 23, in township No. 4 north, range No. 8 west, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the register and receiver of this office at Oregon City, Oregon, on Wednesday, the 15th day of June, 1904.

He names as witnesses: Roy Wherry, of Collins, Washington; J. R. Wherry, of Elsie, Oregon; Percy Allen, of Elsie, Oregon; Stephen Abrahamson, of Elsie, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 15th day of June, 1904.

retreat across the Yalu. The Russians apparently stripped the country of everything edible. There are reasons for thinking that the Russian losses at Cheng Ju on March 28 were heavier than reported.

### STRIKE IS AT LAST SETTLED.

Steam Schooners Will Soon Again Resume Coastwise Trade.

San Francisco April 9.—The steam schooner strike has been finally settled. The strike began with the refusal of the engineers to work without overtime pay and their complaint was no sooner adjusted than the masters and mates had to be dealt with on pretty much the same proposition. Then the firemen and cooks and waiters had demands to be considered. All have been given satisfaction and the steam schooners will again resume business.

### NOTICE FOR PUBLICATION.

United States Land Office, Oregon City, Ore., Feb. 18, 1904. Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the State of California, Oregon, Nevada and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Fred Hendrickson, of Astoria, County of Clatsop, State of Oregon, has this day filed in this office his sworn statement, No. 6366, for the purchase of the N. E. 1-4 of Section No. 20, in Township No. 5 N., Range No. 8 west, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the County Clerk of Clatsop County, at Astoria, Oregon, on Tuesday, the 19th day of May, 1904.

He names as witnesses: Arthur M. Smith, of Astoria, Clatsop Co., Oregon; Charles C. Kaup, of Astoria, Clatsop Co., Oregon; J. R. Wherry, of Elsie, Clatsop Co., Oregon; Roy Wherry, of Collins, Washington.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 19th day of May, 1904.

### NOTICE.

Notice is hereby given that the undersigned has been by the county court of Clatsop county, Oregon, duly appointed administrator of the estate of Robert J. Kelly, deceased. All persons having claims against said deceased are hereby notified to present the same to me, properly verified, at my residence, Number 779 Franklin avenue, in the city of Astoria, Oregon, within six months from the date of the first publication of this notice.

Dated March 10th, 1904.  
TIMOTHY J. KELLY,  
Administrator of the Estate of Robert J. Kelly, deceased. 3-11-4-15.

### UNION MEN ROUGHLY HANDLED.

Troops Prodded Telluride Miners With Rifle Stocks and Bayonets.

Ouray, Col., April 9.—A majority of the union men who returned to Telluride last night and were forcibly expelled from the town by the troops under command of Adjutant-General Sherman H. Bell, arrived here late this afternoon. They were taken from Telluride on a special train as far as the Dallas divide on the boundary line of San Miguel county, and were forced to walk from there.

The exiles complain that they were badly treated by the troops, some being struck with the stocks of rifles and others prodded with bayonets. Some, seriously injured, are under the care of physicians.

The local union has offered to raise 1000 men to preserve peace at Telluride, free of cost, but General Bell rejected the offer.

### WOULD MAKE FINE EMBASSY.

French Want Us to Purchase Late Queen Isabella's Residence.

Paris, April 9.—Following the death of ex-Queen Isabella of Spain the feeling is expressed that the United States ought to acquire her former residence for the use of the American embassy. It is one of the finest properties in Paris and is immediately opposite the present rented quarters of the embassy. Since France purchased grounds for her embassy at Washington, French officials say it would be proper reciprocation for the United States to secure her own embassy in Paris.

### RUSSIANS NOT WEAKENING.

Declare They Will Soon Have 500,000 Troops in Manchuria.

Paris, April 9.—The St. Petersburg correspondent of Echo de Paris telegraphs that a competent staff officer there says Russia is not weakening her home and frontier garrisons owing to the war in the far east, and that 500,000 Russian troops will be in Manchuria at the end of May. This officer also asserts, the correspondent says, that since the British Tibet expedition started the Turkestan and Caucasian forces of Russia have been considerably strengthened.

## BOILS PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

Write us if you would like advice from our physicians or desire any special information; this will cost you nothing. **THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.**
